Heavy Losses Inflicted On Turks and Fortified Positions Carried With Fleet in Action

Berlin, Oct. 5, via London, 5:33 p. m.—The Rumanians are retreating in Transylvania in the region of Bekokten, north of Fogaras and also on both sides of the Streil valley, in the vicinity of Hatzeg, the war office announced today.

The bold invasion of Bulgaria by Rumanian troops which crossed the Danube near Rahovo in the rear of the main battle line in Dobrudja has ended most disastrously for the invaders, according to Sofia the force being scattered and virtually wiped out.

To combat Rumanians, who were from 15,000 to 16,000 strong, but declared to be without artillery, the Bulgarians sent troops from Rutehuk and Turtukal, on either side of the point of crossing. Caught between the two forces, the Rumanians are said to have made for the pontoon bridge which they found destroyed by Austrian monitors. Sofia's official announcement asserts that the invading force broke in disorder and that yesterday the Bulgarians were engaged in completing its destruction. Regarding the operations along the Dobrudja front, south of the Tchernavoda-Constanza railway, the current Sofia statement reports the repulse of all Russian and Rumanian attempts to advance. Bucharest has claimed substantial progress with these attacks in the center and toward the Black sea coast and yesterday reported the capture of more than 1,000 prisoners and seven guns from Field Marshal von Mackensen's forces.

London's official statement speaks only of artillery activity and raiding operations in the Somme region.

Serbs Pushing Forward. On the western end of the Macedonian front, the Serbs are pressing northward toward Monastir, fighting on Serbian soil to the southeast and close to the border further westward. In this latter region they have reached the town of Buf, 12 miles below Monastir, according to Paris today, while around the bend of the Cerna they apparently are still nearer their objective.

The current Bulgarian official statement deals with the situation in the Monastir district only in a general way but declares the Serbs along the line to the east were foiled in attempts to advance in the Moglenia valley near Strupino. A repulse for the British beyond the Struma on the eastern flank of the battle front also is reported.

Russians Start New Offensive. The Russians have broken out with a new offensive in Turkish Armenia, reporting an advance on a wide front extending from the Black sea coast west of Trebizond well into the interior. The Russian fleet co-operated with the land forces in the fighting along the coast.

In the Kara Burnu river region the Russians carried a fortified position and west of Kalkit-Tchivlik, 70 miles southwest of Trebizond broke through the Turkish advance and inflicted heavy losses in men and material upon the Ottoman forces.

Along the 125 line front from Vladimir-Volynsk in Volhynia to the Dniester near Halez in Galicia, Russians are continuing their determined struggle for Lemberg. For the first time in several days Petrograd today reports progress, announcing that hostile positions at various points have been captured during the progress of the stubborn battle.

Allied Troops Advancing. Paris, Oct. 5.—The allied troops on the western end of the Macedonian front continue to press back the Bulgarian forces before Monastir. The war office today announced that further ground had been gained and that the town of Buf, 12 miles south of Monastir, had been occupied.

The text of the official statement says: "Army of the east: The battle is being pursued in our favor along the entire front. The entire allied advance guard have begun to cross the Cerna in the region of Dobrovini and Brod, and advancing despite frost on the slopes of the Baba mountains, and have reached the towns of Buf and Hobil."

British Holding Line. London, Oct. 5.—The text of the British statement of fighting in Macedonia is as follows:

"Saloniki: The fighting at Yenikeul which ended yesterday morning resulted in complete success for our troops. Not only did we hold the portion of the village south of the Seres road, but we also occupied the portion north of the road. Thus the whole village now is in our possession. "The remainder of Wednesday was without incident and was spent consolidating our new positions which extend from the Orlak bridge, along the Seres road to Yenikeul, and thence back to the river through both the Karakajef villages.

"During the fighting of the last few days a lowland Scottish battalion and an Irish battalion especially distinguished themselves.

RUSSIANS KEEP UP BIG FIGHT

Capture Six Cannon and Rumanians Seven From the Teutonic Allies.

BATTLES CONTINUE

Progress Against Austro-Germans From Volhynians South to the Dniester.

Petrograd, Oct. 5, via London, 2:40 p. m.—Six cannon have been captured by the Russians in prosecuting their offensive movement with the Rumanians against the Teutonic allies, today's war office bulletin announces. This capture of guns was in addition to seven taken by the Rumanians. The statement reads: "The offensive of the Russo-Rumanian armies continues. We have captured six cannon and the Rumanians seven cannon. "During the raid on Tuesday by enemy seaplanes in the Baltic one of the hostile aircraft landed and was captured by us near the island of Runo, in the Gulf of Riga."

Stubborn Battles Continue. Petrograd, Oct. 5, via London, 2:40 p. m.—Progress for the Russians in their attacks on the German-Austro forces from Volhynia south to the Dniester in Galicia is reported by the war office today. Hostile positions at various points have been captured, the statement declares. "Western front: On the line extending from the Vladimir-Volynsk region to the Dniester stubborn battles are continuing. Our troops have captured at various points some enemy positions. "On the river Bystritsa in the region of Bogorodchik, we defeated several enemy outposts and captured a number of prisoners."

Desperate Attacks in Volhynia. Berlin, Oct. 5, via London, 4:33 p. m.—Desperate attacks by the Russians are continuing on the Austro-German front west of Lutsk in Volhynia, the war office announced today. At the only point at which they reached the Teutonic lines north of Zubino, they were subsequently driven out.

British Capture Town. London, Oct. 5, 2:10 p. m.—British troops yesterday morning captured the entire town of Yenikeul, a village in Greek Macedonia which lies two miles to the east of the Struma river, says the British official statement issued today. Scottish and Irish battalions especially distinguished themselves in the fighting for this position, the statement adds, and the Bulgarians are reported to have suffered heavy losses.

FRENCH CAPTURE GERMAN GUNS

Nine Millimeter Death Dealers Taken in Advance East of Morval.

Paris, Oct. 5, via London, 2:55 p. m.—In the course of their advance on the Somme front, east of Morval yesterday the French captured nine 3 1/2 inch guns, the war office announced today.

The statement follows: "The night was calm on the entire front. During our advance east of Morval we captured nine guns of 88 millimeters (3 1/2 inches). "Notwithstanding the very bad weather, our airmen bombarded the aviation grounds at Colmar. In a night flight ninety bombs were dropped on searchlights and military buildings at Zeebrugge."

London Battalion Raid. London, Oct. 5, 1:06 p. m.—"South of the Ancre (on the Somme front) there was intermittent shelling during the night," says today's official an-

WOMAN TO BE TRIED FOR MURDER

New York, Oct. 5.—Mrs. Margaret Beutinger will be placed on trial here probably October 23 for killing her husband, Kristof Beutinger, a well-to-do New York merchant. She pleaded not guilty today to the charge of murder and the trial date was tentatively fixed. Mrs. Beutinger is accused of having shot and killed her husband in the bedroom of their imposing home at Caldwell, N. Y., on the morning of July 11 last. In a statement to the police after the shooting she said she had shot her husband in self defense and declared that she was the victim of abuse from him.

WIRELESS WAR REPORT UNTRUE

Bucharest Despatch Denies German and Bulgarian Defeats of Rumanian Forces.

London, Oct. 5, 10:15 a. m.—A despatch from Bucharest by way of Rome, as given out by the Wireless Press today, denies the statement of the German and Bulgarian war offices that Austrian monitors have destroyed the bridge across the Danube south of Bucharest over which the Rumanians passed to invade Bulgaria. It is said the passage of troops, munitions and stores continues. The dispatch also says the battle in Dobrudja is increasing in violence and that the Germans and Bulgarians are suffering enormous losses.

While the foregoing inferentially contradicts the German and Bulgarian reports of the complete defeat of the Rumanians, who invaded Bulgaria, it is possible that the dispatch was sent from Bucharest before the Bulgarians began their attack on the Rumanians whose defeat was first announced by the German war office on October 3.

PRESIDENT MET BY HIGH CROWD

Thousands From All Over Nebraska and Neighboring States Cheer to Echo.

OMAHA IN GALA ATTIRE

President Enters into Spirit of Great Ak-Sar-Ben Celebration.

Omaha, Neb., Oct. 5.—President Wilson came to Omaha today for one of the busiest days of his career. Arriving here shortly before noon, after greeting several thousand people in person, he went immediately to the Commercial club for his first midday western speech since the campaign opened. Later his program called for two more speeches and participation in a parade symbolizing Nebraska's history.

A cheering crowd of thousands of people gathered from all parts of Nebraska and neighboring states greeted the president on his arrival and continued the applause as he proceeded through the streets in an automobile. A non-partisan committee officially welcomed the president and Mrs. Wilson to Omaha.

Because of the Ak-Sar-Ben celebration of Nebraska's admission to statehood, Omaha was in gala attire. Flags decorated the buildings and bands of music played almost constantly. The president immediately entered into the spirit of the occasion. Bands of Indians and of cowboys were here to participate in the parade. It was estimated fully 100,000 people lined the streets.

Club Applauds President. President Wilson was received with enthusiastic applause when he entered the Commercial club where 600 Omaha business men were gathered. Mr. Wilson sat between Governor Moorehead and Senator Hitchcock. The lunch room was decorated with American flags. Outside the club a band played patriotic music.

Just before the president began speaking, ice cream in the shape of doves of peace was placed before him amid applause. He was introduced by J. A. Sunderland, president of the Omaha Commercial club. The entire audience stood and cheered and waved their napkins.

America Serving the World. "The time has come," the president said, "when America had thrust upon her the necessity of serving the world. "That alters our commercial problems, and in fact, all our problems. The men who insist on doing things in the old way will be pushed to the rear."

The president said it used to be that it was thought right to exploit the world, but now it was necessary to serve the world. "America can lead the world if she will only see the way," he added. The president declared he knew how the federal reserve act and the trade commission act were conceived and he knew they created a situation under which American business men could succeed, if able.

Mr. Wilson said he knew men who had on their shoulders "merely knots to keep them from unraveling." His remark caused laughter. "Such men never succeed," he declared. He added that he knew some such men in politics who kept working over old ideas.

The president declared he liked the west because "so many things are started here." He said the railroads had done the people of the west more material good than spiritual good. "I have been a student of history and I have noticed that progress comes when the shackles of the past are thrown off."

Present Time Tragical. "There are many things that make the people believe the present time is tragical. "But, after all, this war is going to help the United States because it is making us a part of the world instead of provincial."

"Only in recent years have Americans come to study foreign trade," Mr. Wilson said. He said, and applause, that it was time that the United States realized it must be stirred. He cited the examples set by Great Britain, France and Germany in establishing banks abroad and said that until the federal reserve act was passed American business men trading abroad had to do business through foreign banks.

"The fact is," he said, "that the world has been pouring its wealth upon us." The president said it was necessary that obstacles "new or old," should not be placed on American business. He told of the clarifying of the anti-trust laws. He was not against big business but against bad business, he declared. The president said he wanted "fair rules of the game" for American business.

When President Wilson left the Commercial club lunch and went in an automobile to the head of the historical pageant, the streets of Omaha were packed with people that his machine had difficulty making progress. It was the largest crowd he has encountered since his inauguration.

Given Constant Ovation. As the president proceeded along

the streets he was met by a constant ovation. He remained standing in his machine bowing to the crowds. The cheering was continuous, automobile horns were tooted and bands played and the people cheered. Windows of buildings along his route were filled with people, waving American flags. Mr. Wilson rode at the head of the pageant through street after street and then proceeded to the reviewing stand from which he watched the parade pass. In it were Indians and cowboys, an old stage coach and floats showing the history of Nebraska and neighboring states. It was late in the afternoon before the ceremony was over.

EIGHT-HOUR LAW BOARD SELECTED

Omaha, Neb., Oct. 5.—Major-General Goethals, governor of the Panama canal, and Commissioner Clark of the interstate commerce commission, have been selected by President Wilson as two of three members of the board created by congress to investigate the eight-hour law. Formal announcement of the selection of all three members will be made tonight. The president made the selections several days ago and has been awaiting for acceptances. General Goethals gained the consent of the president several weeks ago to retire as governor of the canal zone. He was offered the new position on his arrival from the canal recently. He will serve as chairman of the board.

HIGH PRICE OF FOOD BEING FELT

New York, Oct. 5.—The high price of food continued to show its effect today in the prices charged by restaurants and boarding houses of nearly every class. Few of the more expensive eating places have raised their charges but several have adopted the European custom of imposing a cover fee, which means that the prospective diner pays ten cents, or more, for the seat he occupies at a table. Several of the popular price lunch rooms have followed the example of the corporation which operates the largest chain of dairy restaurants in the city and added five cents to the price of most of their regular dishes.
